INTERNATIONAL MOUNTAIN BIKE ASSOCIATION GUIDELINES

1. Ride open trails only: Respect trail and road closures – ask a land manager or others if you are uncertain about the status of a trail. Do not trespass on private land. Be aware that bikes are required to use formed trails and roads only to protect the environment.
2. Leave No Trace. Be sensitive to the dirt beneath you. Wet and muddy trails are more vulnerable to damage than dry ones. When the trail is soft consider other riding options, this also means staying on existing trails and not creating new ones. Don't cut corners. Be sure to take all rubbish home with you and consider removing any carelessly left by others.
3. Control your bike and pay attention to the environment around you. Riding outside of your personal limits puts yourself and others at risk. Obey rules and guidelines.
4. Give way appropriately: Do your utmost to let your fellow trail users know that you are in their vicinity by using a verbal greeting or use a bell and signal your intentions accordingly. Always display good manners, you represent the larger riding community.
5. Respect animals and the environment around you. We ride within natural surroundings and it is our responsibility to preserve these to the best of our ability.
6. Plan Ahead: Know your equipment, your ability and the area that you are riding in and prepare accordingly. Strive to be self sufficient: keep your equipment in good repair and carry necessary supplies for changes in weather and other conditions. Always wear a helmet approved to Australian Safety Standards and other appropriate protective gear.

** No trail building works are to be undertaken at this site without prior approval of the Committee of Management. Please contact the Beechworth Chain Gang via email info@beechworthchaingang.com if you are interested in helping build and maintaining these trails. The Beechworth Mountain Bike Park is a Recreation and Conservation Reserve. Anyone found conducting illegal trail building will be prosecuted by the Department of Sustainability and Environment, significant fines apply.
